A Fond Farewell

With the Faculty and Student Body the TECHNIQUE Staff mourns the passing of our friend and Financial Adviser Mr. Lawrence Gabriel. The copy at the right truly reflects our feelings about him.

IMPRESSIVE TRIBUTE

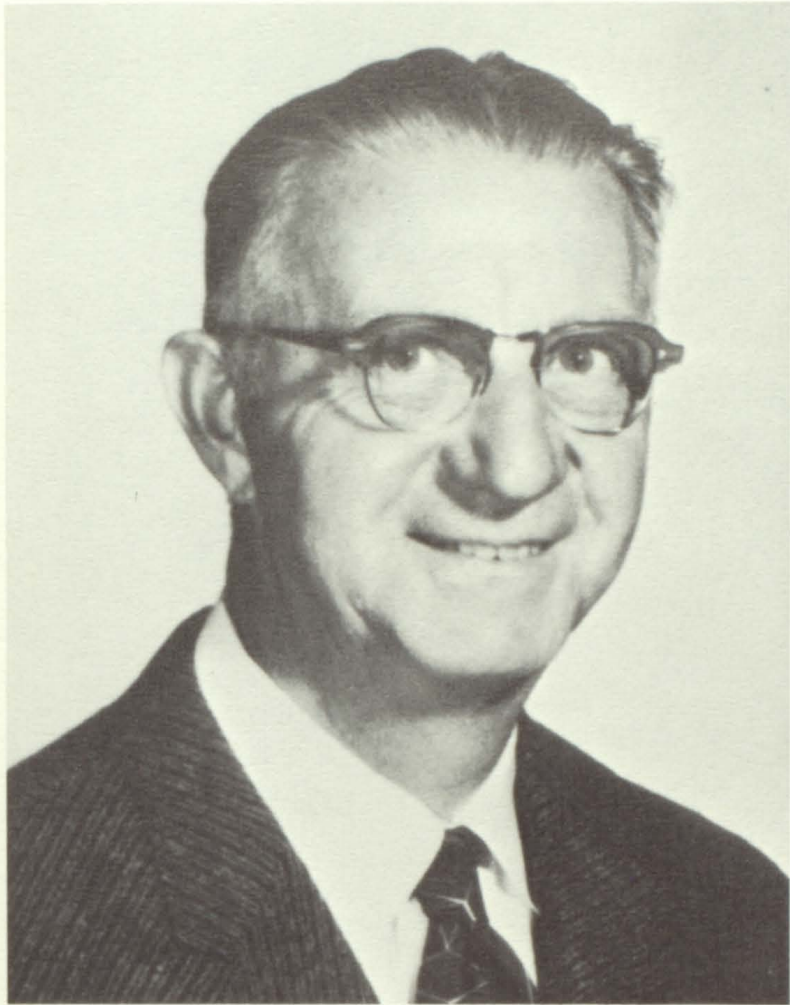

I recently attended the funeral of a very dear friend, the father of my brother-in-law. But in the sadness of this moment I saw one of the more beautiful things of my life.

The man who died, Lawrence Gabriel, taught in Irvington Tech. The boys at Irvington Tech are a part of a society that many people tend to ignore as they move to the suburbs. But these boys showed that America cannot forget them, and from what I saw these boys will not forget themselves.

They visited this man in a funeral home in Paterson. The tears ran down white cheeks and down black cheeks. Some boys stood awkwardly shuffling their feet; some of their clothes didn't fit exactly as they should. But they came--about 80 of them--to say goodbye to their teacher.

These young men impressed me and everyone else who witnessed their act of devotion. Certainly when the "in" thing seems to be to be down on kids, it's nice to know that there are so many--even the ones automatically counted out--who have so much to offer the future not only of Newark, but of the nation.

A Last Thank You

For the final time in a career of 36 years we say thank you to an iron-man teacher. The teacher's name was Mr. William Morgenroth and to many a future tool-and-die maker his memory will always be fresh in their mind. A teacher for 36 years, Mr. Morgenroth has seen both the good and the bad of all students for over a generation. He tried not to favor anyone and be fair to everyone, and for the most part he was successful. For this and many other noteworthy accomplishments we the students of Irvington Tech say thank you.

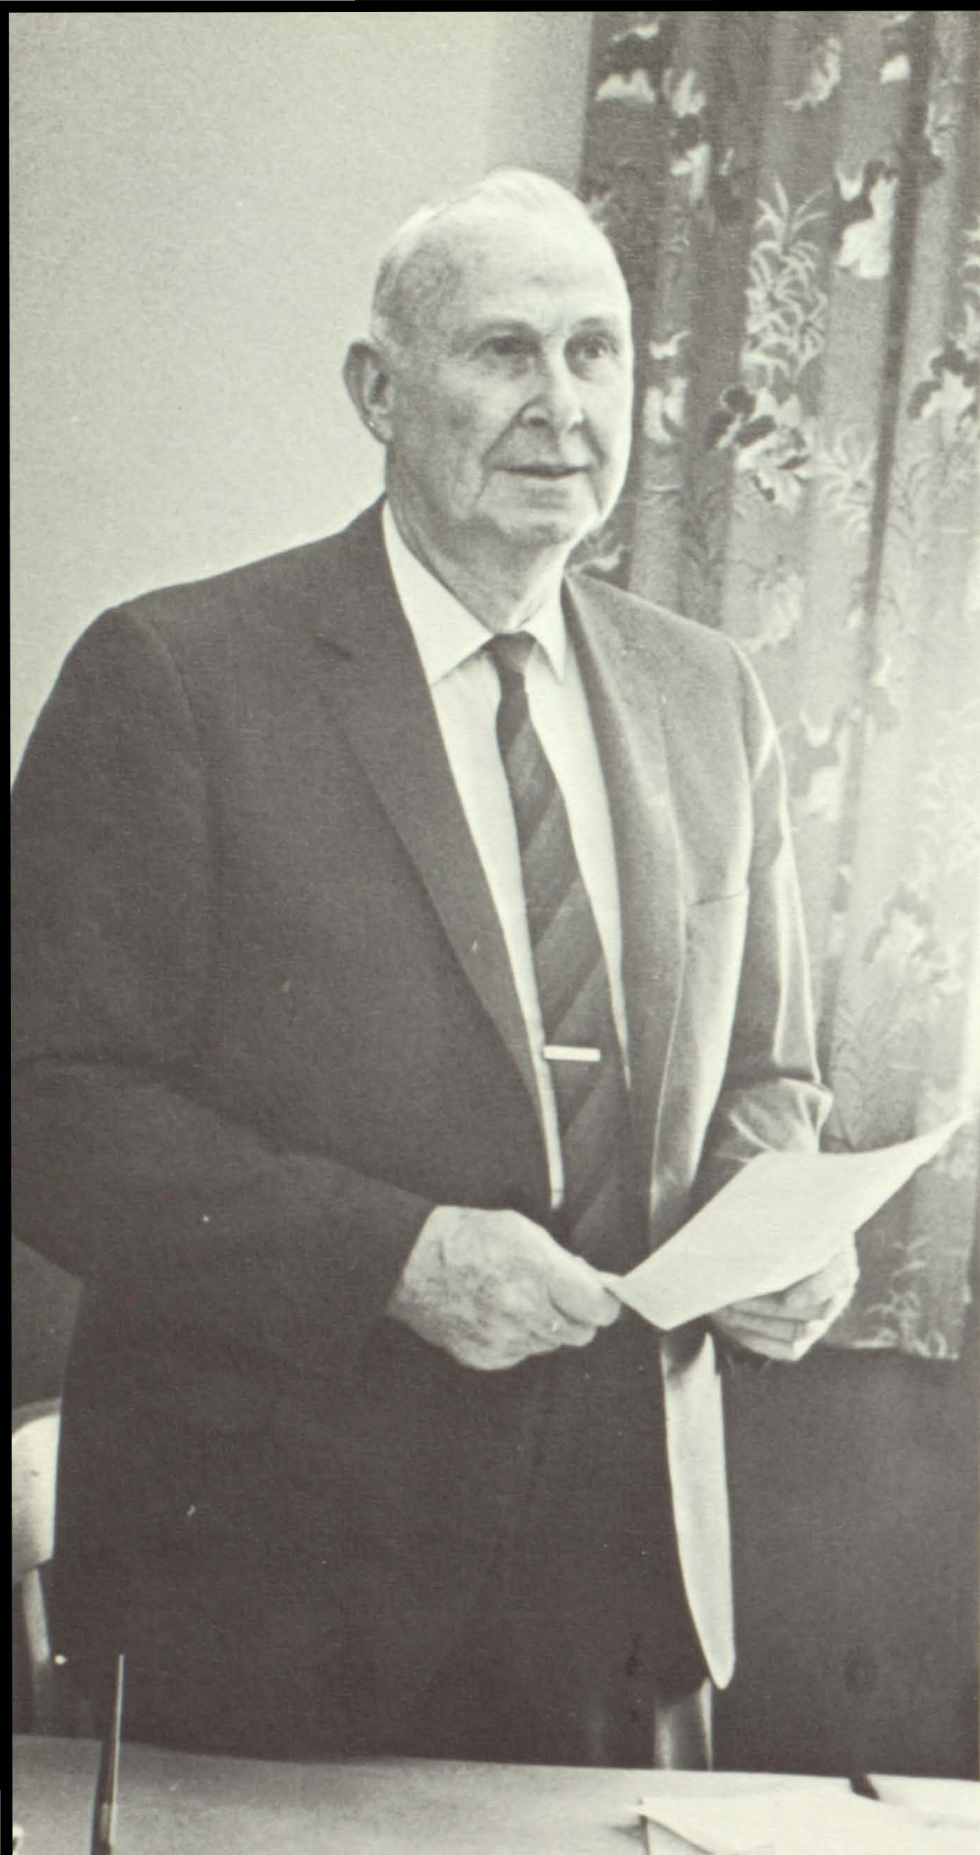

Dedication

To

Mr. Lawrence Gabriel
And
Mr. William Morgenroth
We, The Class
Of 1970, Dedicate
This Yearbook,
With Sincere
Appreciation For
Their Dedication
To Us.

The 1969 Soccer season came to a close with a victory over Weequahic High School. The final team record was 10 wins and 7 defeats. Playing against some of the strongest teams in the area the squad played outstanding ball.

The team was led by Captain, Augie Rebelo who completed his fourth year of varsity competition. During this time he played every position the coaching staff requested of him. He did an outstanding job and was recognized by the New Jersey Soccer Coaches Associ-

ation. He was selected to the second team North Jersey, Section 2, All-Star Soccer Team. Another award bestowed on him was honorable mention to the All-State Soccer Team. Irvington Tech will surely miss Augie Rebelo.

The leading scorer was sophomore, Marco Lainez who accounted for 18 goals from his Center Forward position. Augie Rebelo and Paul Belanick were next with 9 goals. Goalie, George Sayre had an excellent year with 7 shutouts and is looking forward to playing college soccer. Anthony Ramos was the ironman on the team as he played 60 full quarters to edge Michael Bryson as the most active player on the team.

The coaching staff hopes to continue winning in 1970 and is counting on the following boys to make the team: Michael Bryson, Paul Belanick, Fred Hudgins, Charlie Robinson, John Wielgomas, Zenin Szymanek, Albert Moody and John Robak.
